

“THE ART OF ALLOWING”

New Testament.

- a. This “*ladder*” in the Old Testament was the one Jacob saw angels ascending and descending (Genesis 28:12).
- b. All of this seems to indicate that it may be that angels travel on your “*voice ladder*” .
- c. Your voice could well be the vibrational road that angels travel on to bring things to you from heaven.
- d. This angel traffic could very well be blocked if your vibrational road was not aligned with the Source (God).

“THE QUARK’S PLACE IN THE ART OF ALLOWING”

“STUMBLING WITH WORDS”

(IN REVIEW)

- V. A leading neurosurgeon recently made the statement that the speech center in the human brain exercises dominion over the whole central nervous system.
- A. He continued in the article to say that this recent discovery by science found that when the speech center of the brain is stimulated, the whole central nervous system responds.
1. This means that when anyone says, “I am weak,” the speech center sends out (vibrates) the message and the body responds according.
 - a. This must be the reason God said, “**Let the weak say, I am strong**” (Joel 3:10).
 - b. The truth is, James makes it clear that the tongue controls not only the whole body, but also the destiny and quality of our lives.
 2. He said it this way in James 3:2 AMP: “**For we all often stumble and fall and offend in many things. And if anyone does not offend in speech – never says the wrong things – he is a fully developed character and a perfect man, able to control his whole body and to curb his entire nature. If we set bits in the horses mouths to make**

“THE ART OF ALLOWING”

- them obey us, we can turn their whole bodies about.”**
3. The Greek word that has been translated “offend” in the King James version of the Bible is translated “stumble” in the Amplified version.
 - a. This certainly changes things. If we don’t stumble in our words (vibrations), James said, **“The same is a perfect man and able to bring his whole nature into obedience.”**
 4. The obedience of our God nature must be what? The Word of God that we visualize and believe.
 - a. How do we bring our whole nature (Spirit, Soul, and Body) into this type of obedience?
 - b. By “Allowing” God to bless us with the manifestation of His Word. How?
 - c. By alining our words and thoughts with His words which is vibrational harmony. Where?
 - d. First in our spirit (heart), then in to our soul (mind), and finally through manifestation in our body.
 - e. Scripture supports the above statement, **“Therefore did my heart rejoice , and my tongue was glad ; moreover also my flesh shall rest in hope.”**
 5. Please remember, those that say they can and those that say they can’t are both right.
 6. Words which are vibrations of sound are the most powerful things in the universe.
 - a. If we pray defeat and receive it, we are allowing it, and if we pray victory and receive it, we are allowing it.
 - b. The truth is, even prayer produces after its kind.
 - c. In Mark 11:24 the Word says: **“What things soever ye desire, when ye pray, believe that ye receive them, and ye shall have them.”**

“SCIENCE LEARNS OF THE QUARK”

- B. If there is a mountain in your way of receiving your desire then “Quark It”

“THE ART OF ALLOWING”

1. There was an article in Time magazine entitled “What’s Hiding in the Quarks”.
2. This article tells how the discovery of “quarks” was made at the giant Tevatron accelerator at the Fermi National Accelerator Laboratory near Chicago.
3. This evidence comes from collisions between subatomic protons and antiprotons at very high speeds.
 - a. Not only were “quarks” discovered, but the Tevatron is so powerful, it was able to investigate the structure of the “quarks”.
 - b. What are the “quarks” made of? What is hiding in the “quarks”? The article states:
 - c. *Physicists were understandably overjoyed in 1994 when they discovered the top quark. At last after 17 years of searching, they had found the sixth – and , according to the theorists, the last – of matter’s tiniest, most fundamental building blocks. The most troublesome loose end in the so-called Standard Model of particle physics had been tidied up. Or so they thought. According to a report in the current Science, the same people who discovered the top quark may have inadvertently made a much more revolutionary discovery. Contrary to what physicists have believed for the past 30 years, quarks may not be the most basic units of matter after all.*

“THE ENERGY OF ATTRACTION – THE QUARK”

- C. The discovery of the “Quark” which is the smallest of matter’s most fundamental building block has scientist jumping with new ideas about creation.
 - a. It seems that the same scientist who discovered the “quark” also inadvertently discovered that they are made up of sound waves.
 - b. These “quarks are smaller than the atom and the proton and yet they are the foundational element of all creation.
 - c. This discovery proved that all matter is made of this *sound vibration*.

“THE ART OF ALLOWING”

- d. This revealed mystery helps us see and understand the origin of all things.
2. Is this not what the Bible teaches?
 - a. The tiniest building block of all things is sound waves. Genesis 1:3 says, **“And God said, Let there be light: and there was light.”**
 - b. Over and over it says in Genesis, **“And God said.”**
 - c. In Psalm 33: 6, 9 we read, **“By the word of the Lord were the heavens made; and all the host of them by the breath of his mouth... For he spake, and it was done; he commanded, and it stood fast.”**
3. We can clearly see that God created everything with His voice.
 - a. He spoke (vibrated) the worlds into existence through the quarks.
4. We can also see that things created with words could also be dismantled or dissolved with words.
 - a. We see this in the power of Jesus’ words in Mark 11:23 when He cursed the fig tree.
 - b. This was not a “deity trick” reserved for the Godhead.
 - c. Jesus said, **“Whosoever shall say....”** .
 - d. Jesus always lifted man into the realm of fellowship with God.

“FAITH COMES THROUGH SOUND”

- D. Faith begins with hearing a certain sound that other people cannot hear.
1. In Romans 10:17, 18 the word says, **“So then faith cometh by hearing, and hearing by the word of God. But I say, Have they not heard? Yes verily, their sound went into all the earth, and their words unto the end of the world.”**
 2. Faith comes by hearing a certain sound. Faith comes by hearing the Word of God.
 - a. It is the Word of God that opens our ears to the supernatural plan and provision of “allowing God”.
